

Important Application Points

1. Kindly keep the laminate sheet roll open
2. Keep the sheet flat and straight for cutting.
3. Please note that cutting a sheet at 90-degree angle can lead to possibility of cracks in the sheet.
4. Please ensure all the sheets are of same colour and design before pasting the laminate sheets.
5. Please take extra care while pasting a bigger piece of laminate sheet.
6. Please ensure sheets are pasted using superior quality adhesive at all times.
7. Presence of extra moisture can lead to formation of bubbles while pasting of laminate sheet.
8. Please apply adequate pressure while pasting the laminate sheet to ensure it sticks properly and does not come off.
9. Direct exposure of laminate sheet to the sunlight can lead to colour fading.
10. Do not use chemicals to clean the laminate sheet.
11. Cover all the furniture items appropriately while getting the house painted.
